

An Abstract of State Level Sensitisation Programme on Earthquake Risk Reduction

State level sensitization programme has been proposed for all the states falling in seismic zone IV & V in order to sensitize all the concerned elected representatives & senior officers of the State on natural disaster vulnerability reduction. In this programme, hazard profile of the state, techno-legal regime for hazard risk reduction, disaster response, preparedness planning and the strategies to be adopted by the state for effective disaster mitigation would be covered by the leading experts in the relevant fields. The following table provides an overview of sensitization programmes conducted till date.
